## Technical Specifications

Number of Buttons:	8
Maximum Power Consumption:	36 mW
Supply Voltage :	3 VDC
Operating Frequency:	2.4 GHz ISM Band
Number of Channels :	80
Operating Range :	100 meters
RF System Output Power :	10 mW ERP (Dahili Anten)
Operating and Storage Temperature :	-40°C ile +85°C
Enclosure Protection Rating :	IP65
Housing Material :	Polyamide
Button Diameter :	20 mm
Battery Type :	2xAA Alkalın Pil
Continuous Operation with Fully Charged Batteries :	> 240 hours
Operating Time After Low Battery Warning:	30 minutes
Receiver-Transmitter Frequency Pairing:	Yes
